

**JOY OF DANCE** would like to extend a special thank you to **Mila Morales** and **Brittany Fiorentino**--the directors of Bethesda Country Day School--for assisting Joy of Dance in creating a wonderful dance experience. Thank you as well to **Nikki Stezin** for their extraordinary teaching talents!

The Joy of Dance staff thoroughly appreciates the opportunity you have given us to share our passion for dance with your children. Dance increases cognitive skills of counting, sequencing, spatial awareness, as well as cultivating poise, grace, and musicality. In addition, the children have been immersed this year in dance technique, French language, and knowledge of classical composers.

I wish to thank our Joy of Dance students for another fantastic year of dance. Your precious children have been a joy to teach. The children are our inspiration, and we look forward to their future development and celebrating their unique spirit and talents.

I wish all our families a joyous summer, and we look forward to seeing your children in our exciting upcoming dance camp adventures.

Sincerely,

**MARILYN BAIRD**

Artistic Director
