

# BCDS will be offering a **SPRING** interactive **STEAM** program!

Multidisciplinary programs offered by Creative Enrichment support children in developing their passions and building friendships as they organically cultivate knowledge and a love of learning.

## **STEAM STORY EXPLORERS... ALL NEW MATERIAL!**

**STEAM** stands for Science, Technology, Engineering, Art, and Math. Each of **STEAM**'s five subjects share a common approach and focus: they require gathering and using

evidence to create knowledge or solve problems. **STEAM** learning happens naturally everyday as children explore, play, and try new things. When young children have the opportunity to investigate the world around them, they learn and experiment with new **STEAM** skills and theories. Research shows there is a positive relationship between early **STEAM** experiences and future success in school.

Through physical movement, dramatization of stories, and hands-on science activities, students explore essential **STEAM** concepts such as forms of matter, pattern recognition, shape identification, measurements, counting and more!

**Dates: May 9, 16, 23 June 6, 13 (5 week session)**

**Ages 3 - 5 years old**

**Time: 10:15am - 11:00am**

**Cost: \$163.00 per session**

**Minimum 8 Students/Maximum 10 Students**
